India Warehousing Show – The Event that Shapes the Industry

The India Warehousing Show (IWS), now in its 14th edition, is the longest-running and most significant event in the warehousing, logistics, and supply chain sectors. As the industry's cornerstone, IWS has consistently delivered unmatched value, serving as the premier platform for innovation, networking, and business growth. This is not just an event—it's a transformational experience for businesses aiming to stay ahead in a fast-evolving landscape.

Why India Warehousing Show is Unmissable

Decades of Legacy & Leadership

As the oldest and most trusted event in the industry, IWS is a hallmark of excellence and opportunity, bringing together the best of warehousing, logistics, material handling, and automation in one powerful platform.

Exponential Business Growth Potential

Gain visibility, generate quality leads, and establish your presence at the industry's most recognized platform, helping you grow your business 10X by connecting with the right partners and customers.

Networking & Business Opportunities

With 12,000+ high-profile buyers from key sectors such as E-commerce, Pharmaceuticals, FMCG, Retail, and Electric Vehicles, you'll have the chance to connect with decision-makers who can accelerate your business growth.

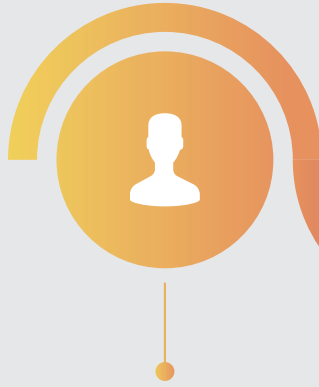

Discover the Latest Innovations

Explore innovative technologies and trends that are shaping the future of warehousing. IWS offers a first-hand look at state-of-the-art solutions from leading Indian and international brands, setting the standard for industry innovation.

Join us for thought-provoking discussions, cutting-edge insights, and actionable strategies designed to navigate the future of the industry.

THEME:

Supply Chain Resilience: India's Path to Stability in a Volatile World

Key Highlights:

Navigating Volatility

The conference will delve into the challenges posed by a volatile global environment, including geopolitical shifts, economic fluctuations, and unforeseen crises.

India's Pivotal Role

The conference will explore how India, with its growing manufacturing capabilities, robust digital infrastructure, and evolving policies, can become a cornerstone of global supply chains.

Building Resilient Supply Chains

Discussions will focus on strategies to enhance supply chain resilience, agility, and adaptability to ensure business continuity and global trade stability.

Transitioning to a Stable Partner

The focus will be on strategies to transform India from a mere participant in global supply chains to an indispensable and stable partner for the world.
